## About Me

Hi there, I'm Yasiru Isum Geenula, and I'm super passionate about software engineering and crafting websites. I specialize in WordPress, frontend development, and designing how things look and feel online. I'm all about creating smooth, easy-to-use digital experiences. I love paying attention to the little details and coming up with fresh ideas. I always strive to go above and beyond, even when I'm working alone. My goal? To keep honing my skills and making cool stuff on the web!

## Education

### NIBM - National Institute of Business Management

Certificate of Software Engineering  
Bachelor of Software Engineering Honours (Studying)

### IT GURU GLOBAL

Certificate of Web Development

### Esoft Metro College

Diploma in Information Technology

## Interests

- **Computer Gaming:** Enjoy playing various computer games across different genres, finding entertainment and challenges in virtual worlds.
- **Game Modding:** Passionate about modifying and customizing games, exploring creativity through game modding to enhance gameplay experiences and create unique content.
